Important Notice.

Gainesville, Fla., December 1, 1905. We wish to give timely notice to our patrons, both gas and electric, that we have found it absolutely necessary to adopt a new system. We are not responsible if bills are not received through the postoffice, as they will be regularly mailed. This rule applies to every gas and electric light consumer. Thirteen Lost Their Lives.
Halifax, N. S., Dec. 6.—Thirteen lives were lost in the wreck of the steamer Lainsberg, which went ashore yesterday off Amherst Harbor, Magdalen islands. A dispatch to that effect was received here today from Meat Cove, near the scene of the wreck, by Leslie, Hart & Son, owners of the steamer. The steamer had a crew of 17 and probably carried several passengers, including Mr. Leslie, a member of the Canadian parliament and a member of the firm which owns the vessel.

Cured Paralysis.

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old cures, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

ALLEGED PEON DISAPPEARED.

Principal Witness Mysteriously Absent in Government Peonage Case.

Columbus, Ga., Dec. 6.—Monday was the time set for the United States grand jury to pass upon the case of W. A. Johnson and Joe Skipper, prominent turpentine operators of Webster county, Georgia, who are charged with peonage, but the investigation was deferred, owing to the fact that the government's principal witness, Arthur Williams, a negro, the alleged peon, disappeared from his home, 5 miles from Cusseta, Ga., Friday night, under very mysterious circumstances.

Williams' wife said that three white men came to their house and forcibly abducted her husband, carrying him off in a vehicle, which was tracked for 10 or 12 miles in the direction of Green Hill, Ga.

Two or three strange white men were seen by negroes in the vicinity of Williams' home Friday, and said they were picture agents.

The offense of peonage is alleged to have been committed some months ago, when Williams was in the employ of Johnson and Skipper. The negro has been bound over to Webster superior court on a charge of breaking his contract.

THREE KILLED IN COLLISION.

Switch Engine Strikes Street Car Causing the Accident.

Bristol, Va., Dec. 6.—A switch engine of the Norfolk and Western railway collided with an eastbound street car of the Bristol Belt Line company on the State street crossing here Monday night shortly after 9 o'clock, demolishing the car and injuring seriously three passengers. The injured are Miss Emma Campbell, cut about the face; Clarence Reynolds, a nephew of R. J. Reynolds, the tobaccoist, leg badly crushed; James Bruce, cut about the face and head.

There were five other passengers on the car, who escaped injury.

The accident is said to have been due to the approach of two of the engines from different directions, the one coming from the south attracting the motorman's attention and causing him to shove his car on the track, unmindful of the approach of the other engine.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Ogden street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.
